

July Feeding Program Report

Introduction

We are pleased to share that Term 2 of 2026 has come to a successful close, with children across all our participating schools and Centres receiving meals every school day without interruption. This consistency was made possible through a combination of timely availability of funds stronger staffing and close coordination between our teachers, cooking teams and food suppliers. In total, every school day we reached 355 children with breakfast and 535 with lunch. As the school holidays start, feeding will continue uninterrupted at the Rescue Centre feeding approximately 200 vulnerable children.

SCHOOL/ CENTRE	CHILDREN FED	CATEGORY	TERM 2 STATUS
Gatwe primary	100	ECDE and primary school learners	Full term
Dallas primary school	150	ECDE and primary school learners	Full term
Shauri ECDE Centre	40	ECDE learners only	Full term
Kathita ECDE Centre	40	ECDE learners only	Full term
Recue centre	205	Primary school learners and street children	Full term
TOTAL CHILDREN FWD	535		

What made this term successful?

1. **Availability of funds.** Consistence access to funds meant food suppliers were never in doubt and we were able to plan and purchase ahead and avoid shortages.

2. **Increased staffing.** Additional cooking support staff meant meals were prepared and served on time without the straining like in the previous term.

3. **Coordination across the board.** Teachers, cooking and serving staff and suppliers worked closely together so that deliveries, meal preparation and serving times stayed in step with the Ministry of Education timeline.

2. HOLIDAY FEEDING AT THE RESCUE CENTRE

Feeding will continue at the Rescue Centre as we break for our 2nd term. Feeding at our schools will pause until Term 3 begins in line with the school calendar. Our commitment to the most vulnerable children continues. We will be serving approximately 200 children throughout the holiday.

3. As we move through the holiday period and prepare for term 3, we are encouraged by the progress made during Term 2 our goal remains simple but vital, to ensure that every child in our programme has access to a hot nutritional meal and the opportunity to learn, grow and thrive.

We are deeply grateful to our donors and partners for standing alongside us and making this work possible. Your continued support and partnership provides more than food, it creates a safety net for the children and continue giving them energy to learn, the confidence to participate in school and the reassurance that they are cared for. Thank you for your continued support .
